

**The 10th Anniversary Celebration and the 3rd International
Conference on the Sustainable developments by the linkage
among industry-academia-government and the role of project &
program management in Asia-Pacific region
ICP2M2015**

September 26-27, 2015 Chiba Institute of Technology, Chiba -Japan

Message for Participation

Dear Ladies and Sirs

Asia-Pacific region is now a most growing center and becomes a window of sustainable development by striving toward the pertinent harmony among economy, environment and ecology. Complying with the Rio de Janeiro declaration, clear effectiveness has been recognized in collaboration and multi-disciplinary integration of intellectual resources by the linkage among industry-academia-government, and in all the cases the methodology given by project & program management has been founded to pursue proper goals. In particular, the Japanese version of P2M has very much attracted special attention in terms of uniting missions, and performance of action strategies. The presentation of practical approach and research are welcomed in the case studies of community activation by the use of renewable energy, technology transfer to rural areas, human resource development, information-media-service, medical care for aged society, construction of advanced agro-bio business etc. Your active participation is highly expected in the Third International Conference organized by following two successful conferences in Yeosu,

Korea and Ho Chi Minh, Vietnam. This will provide you a wonderful opportunity to exchange substantial ideas and findings with many researchers of the Asia-Pacific region. On behalf of the Organizing Committee of the ICP2M2015, I am honored to invite you to participate in our conference as a keynote speaker. I hope that ICP2M-2015 will provide you the precious opportunity to find in our academic emerging presence sharing the latest research, approaches and advancement. Best Regards.

Dr. Shigenobu Ohara

Signed Conference Chair, President of IAP2M
